THD Bandy Suction Disposable Ligator

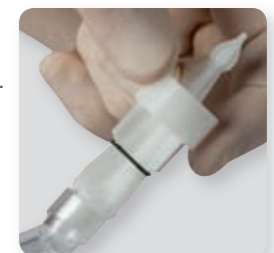

- ▶ Ready to use
- ▶ Disposable
- ▶ Fast
- ▶ Loadable with one hand
- ▶ Easy to use
- ▶ Full control

THD Bandy is a disposable suction ligator ready for immediate use. It does not require washing or sterilization.

The Suction Ligator is prepared by means of an innovative band positioner and a band loader: the surgeon can position the elastic band with one hand without needing any assistance.

LOADABLE WITH ONE HAND
The band loader slides onto the band positioner to load the band.

FULL CONTROL
Transparency allows full control over the tissue when suction is applied.
